

Pretty & Wise

Bible Study Companion

Use this worksheet as a tool while you study the Word.
We've included information about additional study resources.

Read

- + Pray and ask the Lord, BEFORE you open the Word, to speak to your heart today and open your eyes to see the truths He has for you in scripture. ***“Open my eyes, O God, so I may see wonderful things in your word.” Psalm 119:18***
- + God always delivers on this prayer because it is His will for you to hear His voice within the pages of His word, for you to learn His spiritual truths, and to allow the Holy Spirit to help you grown in your relationship with the Father.

Ask

Here are some of our favorite questions to ask after we read a passage in scripture...

- + Where is Jesus in this passage?
- + What is God showing me through this reading?
- + How does God's voice sound in this scripture?
- + What are some attributes of His character within these verses?
- + Write down 5 observations - things that impressed you, stuck out to you, or you have questions about - in this passage.

Pray

- + Commit to the Lord to act upon the scripture you read today. Don't merely read the Word and then forget what it says. DO the Word.
- + How can you live out the Word you read today? Ask the Holy Spirit to help you walk out the scripture as you go about your day. He is our helper...you can do this because He is with you every step today, guiding and reminding you of the beauty of God's Word and living in it.
